<i>Additional Representatives @ \$35.00 each x _____ = (Provide additional names)</i>	
<i>Additional Outlest @\$35.00 each x _____ =</i>	
NCUS Foundation Educational Grant Contribution	
<b>Grand Total</b>	

The presence of exhibitors at CME activities sponsored by SDMS can contribute to an overall positive educational experience for course participants. Educational materials that might be made available to course participants include information about new medical equipment and/or devices, clinical trials investigating drugs relevant to the topic of the course, and scientific efficacy studies. We encourage exhibitors to assign only one representative per exhibit, although there are circumstances when two would be permitted. Exhibitors may attend course educational sessions, but must at all time refrain from soliciting sales and/or other business. The North Carolina Ultrasound Society will provide exhibitors services such as name tags, company name tents (if needed), and arrangements conducive to exhibit viewing. Exhibitors will also be given appropriate handout materials. SDMS and NCUS adhere to the ACCME Standards for Commercial Support which contains restrictions about the placement of exhibits at a CME activity offered by an accredited sponsor. The distribution of drug and other samples is not permitted. The final decision to permit exhibits, the type and other specific characteristics will be made by the course director and the NCUS President.

I agree to abide by the ACCME Standards of Commercial Support.
